

REMARKS

Favorable reconsideration is respectfully requested.

The claims are 16-19, 21 and 22.

The above amendment is responsive to points set forth in the Official Action.

In this regard, Applicants acknowledge with appreciation the allowance of claims 16 and 17.

It is noted that a typographical error occurred in claim 16, in that one possibility for the cosolvent is an aldehyde, when in fact, it should be an ether, as above amended. Nevertheless, such amended claim is also clearly allowable

Claim 21 is now properly dependent on claim 16, as is claim 22 and thus, these claims are also clearly allowable.

With regard to the rejection on prior art, it is moot in view of the allowability of claims 16 and 17, and the fact that the remaining claims are dependent on allowable claim 16.

No further issues remaining, allowance of this application is respectfully requested.

If the Examiner has any comments or proposals for expediting prosecution, please contact undersigned at the telephone number below.

Respectfully submitted,

Peter POCHLAUER et al.
